Field of Studies - Nursing Degree

Previous experiences in ERUA events/activities - As a newcomer to ERUA, I haven't had any experiences yet. However, I'm eager to dive in.

Your hobbies and interests - I have a deep affinity for art in all its forms, like literature, music (including classical, jazz, and K-pop), dance, and language learning. Additionally, during my free time, I enjoy composing songs and writing poetry.

Why did you become an ambassador for ERUA? What inspires you?  
In the words of Kim Namjoon, we must become the voices for those who cannot speak for themselves. This conviction drives my commitment as an ambassador.
