

## Julia Henríquez Jaén (Tafira Campus)

University, Field of Studies: ULPGC, Law student

Previous experiences in ERUA events/activities: At the moment, I have no previous experience in ERUA, but I am willing to gain it.

Their hobbies and interests shortly and major?: I enjoy spending time with my friends and family. Living in Gran Canaria, I think that the best plan is going to the beach, while sunbathing with your loved ones.

The cherry on top would be accompanying it with a book, probably related to philosophy or feminism.

Why did you become an ambassador for ERUA? What inspires you?: I applied to be an ERUA ambassador because I felt that it was the perfect opportunity to get to know new people from my city and from around the world who are passionate about the EU.
