

Atif Yaseen

- Field of Studies: Economics
- Previous experiences in ERUA events/activities: Yes, I have prior experience participating in ERUA events. I was involved in the Research Week at the European University Viadrina in Frankfurt Oder from November 11–15, 2024. Furthermore, I participated in the Young Forum for Action on Sustainability and Climate Change at the University of Las Palmas de Gran Canaria Spain on May 20–21, 2025.
- Hobbies and interests? I enjoy spending my free time reading books, exploring new languages and cultures, traveling, listening to music, and experimenting with cooking.
- Why did you become an ambassador for ERUA? What inspires you? I have previous experience participating in ERUA events, which inspired me to join ERUA as an ambassador. It's a valuable platform where I can share my ideas and perspectives with other members. ERUA provides an excellent environment for developing key skills, learning from others, and approaching challenges from diverse viewpoints. It promotes collaboration among students, lecturers, and researchers while focusing on sustainability, educational reform, and research innovation. Most importantly, it welcomes students from around the world, creating a unique space for global dialogue and exchange. Moreover, I enjoy embracing new cultures, so this is a great opportunity for me to learn new languages, experience different cultures, and share the knowledge and experiences I've gained from other countries.
