

Daniela Eridenia Martel Valido

- Field of Studies:

Data Science and Engineering

- Previous experiences in ERUA events/activities:

I have participated in some of the social gatherings (asaderos) and attended a few local board meetings.

- Hobbies and interests?:

Apart from engineering, I work as a makeup artist for fashion shows and I enjoy going to the gym. I also love learning new languages.

- Why did you become an ambassador for ERUA? What inspires you?:

I've always had a strong desire to help others and to make sure everyone's voice is heard. When I discovered ERUA and saw the work they do to give students a platform where their ideas and needs are acknowledged, and more importantly, implemented, I couldn't help but want to get involved.
