

ERUA Ambassador short bio

Symeon Sidiropoulos, University of the Aegean, Shipping and Transportation Management

Previous experiences in ERUA events/activities:

I participated in the ERUA Young Forum for Action on Sustainability and Climate Change, held on 20–21 May 2025 by the University of Las Palmas de Gran Canaria.

Hobbies and interests in short:

I enjoy running to unwind from my everyday routine, flying drones, traveling, reading, and listening to music.

Why did you become an ambassador for ERUA? What inspires you?

After attending the Young Forum, I decided to apply for the role of ERUA Student Ambassador because I wanted to take a more active role in future ERUA activities. Becoming a Student Ambassador will allow me to support my fellow students by sharing information about ERUA's mission, opportunities, and initiatives, and by encouraging their participation in the alliance's projects. Also, being a member of a large European community will help me foster my communication skills by making new contacts from different backgrounds.
