Vision and Mission

ERUA – An unique with its Openness, Student centered, Inclusive Alliance based on Humanism. An Alliance of:

- 8 reform-oriented universities;
- Geographical diversity;
- Focus on social sciences, humanities, and arts, while also integrating perspectives from science, technology, engineering, and medicine.

ERUA universities standing 'on a critical edge'– both in terms of values and geography.

Combining unique expertise in educational strategies to develop educational programmes and research projects geared towards societal impact in order to:

- address contemporary challenges in Europe;
- contribute to the development of a sustainable society, and promote European values.

Achievements

1. Formation of 21 ERUA Research Clusters:

They were formed around the main ERUA thematic areas:

- Migration, Exile, and Refugees;
- Inclusion & Gender Equality;
- Democracy;
- Interculturality and Multilingualism;
- Human Rights;
- Arts and Edges.

They are set up to:

- foster interdisciplinary collaboration and interactions among researchers;
- facilitate access to ERUA's dedicated research support and grant application assistance;
- utilize ERUA's shared facilities, laboratories, and advanced research infrastructure.

2. ERUA Joint MA Programmes:

Joint Master Program on Forced Migration - and interdisciplinary two-year program, grounded in sociology and enriched by insights from political science, law, pedagogy, social and developmental psychology, and psychoanalysis, to offer a comprehensive understanding of migratory phenomena.

- 4 Universities/4 semesters;
- Joint and Path Specific Courses;
- Accredited in 4 EU states;
- Focus on practical experience;
- IntraAlliance Mobility and Internships - intensive field training;
- One degree;

3. Student and Academic Mobility

- Over 30 intensive courses
- Over 10 workshops and conferences
- Over 25 seasonal schools
- Over 8 innovative courses
- Over 40 traveling seminars
- Over 1000 mobilities realized
