

Océane Mounet

ERUA Student Ambassador

Field of Studies: Master's degree in European Union and Globalisation

Hobbies and interests: I am passionate about international relations, diplomacy, human rights, and geopolitical issues, particularly in Africa and the Middle East. In my free time, I enjoy travelling, discovering new cultures, creating educational content on current affairs and politics, and learning foreign languages. I also value intercultural exchanges and community engagement.

Motivation to become an ambassador for ERUA: I became an ERUA Ambassador because I strongly believe in the importance of building bridges between students, cultures, and universities across Europe.

ERUA represents openness, innovation, and collaboration, values that resonate deeply with me. I am inspired by the opportunity to contribute to an inclusive academic community and to encourage students to take advantage of international experiences that broaden perspectives and create meaningful connections.
