

Dafne Pérez Álvarez

ERUA Student Ambassador

Field of Studies: Translation and Interpretation

Hobbies and interests: As is evident from my field of study, I am passionate about languages and culture. I love learning new ways to communicate and, above all, being able to put them into practice in my personal relationships. I'm also a fan of video games, collecting, dancing, and writing.

Motivation to become an ambassador for ERUA: Becoming an ambassador will not only allow me to improve my language skills and all kinds of abilities, but it will also bring me closer to students from across the alliance and, consequently, to the essence of the alliance in action: collaboration toward a common goal, regardless of our cultural differences.
