

Ibis Verónica Castillo Valdés

ERUA Student Ambassador

Field of Studies: Business Administration and Management

Hobbies and interests: As for my interests and hobbies, I have to say that I've always been quite restless, so the list is quite long, but if I had to choose just three, I'd say that sports, reading, and public speaking are essential to my life, as well as taking walks along the beach to clear my mind.

Motivation to become an ambassador for ERUA: I am inspired by ERUA's vision of using education as a bridge to foster a more cohesive and active European citizenship. As a student of Business Administration and Law, my goal is to focus my career on the European sphere. I am deeply motivated by the idea of serving as a link to promote student mobility. Being an ambassador is a great opportunity for me to enrich my resume, acquire new skills, and develop others.
