

Myriam Mouchache

ERUA Student Ambassador

Field of Studies: English Studies (LLCER Mondes Anglophones)

Hobbies and interests: I enjoy exploring different forms of art, including graphic design, photography, and linocut. I am passionate about languages and cultures, and I am currently learning Japanese and Arabic while reconnecting with Kabyle, my mother tongue.

Motivation to become an ambassador for ERUA:

I became an ERUA Student Ambassador because I strongly value intercultural exchange and believe that meaningful connections between students can enrich both academic and personal experiences. Growing up between cultures and studying languages have taught me how diverse perspectives can bring people together. I am inspired by the idea of building an open and welcoming European community where students can learn from one another.
