

Nikolaos Angelis

ERUA Student Ambassador

Field of Studies: Cultural Technology and Communication

Hobbies and interests: I enjoy puzzle games and reading Escape Books.

Motivation to become an ambassador for ERUA:

I believe I can contribute meaningfully to ERUA by acting as a reliable link between the Alliance and the students at our university: Promoting ERUA opportunities more effectively, supporting the organization of student-oriented events and outreach actions, encouraging wider student participation, and helping communicate the value of international academic cooperation in a clear and motivating way. As a mature and non-traditional student, I also bring consistency, responsibility, and a strong sense of purpose. I would be proud to represent the University of the Aegean within the ERUA network with professionalism, enthusiasm, and genuine commitment.
