

Victoria Vulchinova

ERUA Student Ambassador

Field of Studies: Journalism

Hobbies and interests: I am a Journalism student at New Bulgarian University, with a minor in Theatre, and a member of the Radio Campus NBU team. I am passionate about storytelling, radio, podcasts, and creating content that brings people together. Above all, I am driven by curiosity—about the world, the small details, and the stories that often remain untold. I believe that this is where the most authentic stories worth sharing begin.

Motivation to become an ambassador for ERUA: I became an ERUA Student Ambassador because I believe that every international experience has the power to change the way we see the world.

As a journalism student, I am inspired by people, their stories, and the exchange of ideas across cultures. Through ERUA, I hope to encourage more students to step outside their comfort zones, connect with others, and make the most of the opportunities a European university alliance can offer.
