Zuzanna Kłudkiewicz

ERUA Student Ambassador

Field of Studies : Psychology

Hobbies and interests: I'm passionate about music, reading, and baking, and I have a particular love for languages and connecting with new people. I'm always curious to discover new cultures, perspectives, and stories along the way.

Motivation to become an ambassador for ERUA: I've decided to become an ERUA Ambassador because I genuinely enjoy meeting new people and listening to their stories. I also love bringing people together and organizing events, so this role feels like a perfect opportunity to combine both of these passions.
